“ My special memory that keeps coming to my mind is the time I climbed a tall tree, when I was only six and got stuck up there crying my eyes out. Carol climbed up to me and said to me ” Don’t be scared Diane , I will always hold on to you” Step by step, she helped me down to the bottom. Now its my turn to hold on to all the memories that we shared growing up. She is my Rock, my inspiration, though impossible to define in a word, she is.....my sister. Carol used to say I love you means more, when its backed up with love that you share every day and as far back as I remember, I remember loving you.
