“ Dale and Family, I am sorry to see that you're sweet mom past away. I talked to her many times at Lynden Manor while my own mother was there. They had rooms next to each other for a short time. I realize that she didn't remember me but I talked to her about the time she and your dad were in Hawaii and Travis had the chicken pox and they brought him a present. Your dad told Trav that he had odd timing. Thinking of you all, Terri
