“ Dawson was always a good guy,he was like another brother to me when we were young.Our families were always together.As we grew older, we all drifted apart and just recently did we start talking again.It was just like we were kids again. We shared memories and we both realized that God has always been there for us throughout our life. We talked about our kids and this is what Dawson said to me about his kids. He said,
“I don’t want to sound like I’m bragging,but my children are literally golden.”
Then he told me,
“My legacy will be my children.At least I can leave the world knowing that I did at least one thing right.”
I wish he didn’t get called home so soon, we had a lot of catching up to do.
Until we meet again Dawson, know that you are forever in the hearts and always on the minds of many and You will be missed! My love, thoughts and prayers are with all of the family.
