

Debra Lynn Johnson

March 14, 1961 - May 25, 2018

Debra Lynn Johnson passed away Friday, May 25th after a brief illness. She was born in Madison, WI on March 14, 1961.

She will be sadly missed by her brother Al and his fiancé Traci. She leaves behind her three nieces Annabelle, Amelie, and Aubrey. She also leaves Traci's sons Dylan, Kolby, and Roman, as well as her many close friends and work colleagues.

She spent her recent life working as a nurse and loved the challenges of her work. She received her nursing degree from Everett Community College and spent time in a variety of local work environments. She was a caring, funny, generous person with great spirit and courage. She always tried her hardest in any situation. She bravely fought a lifelong battle with systemic lupus and was a grateful kidney transplant recipient. Her caring was bottomless.

“ R.I.P. Deb...loved getting report from you! I will miss seeing you at Smokey Point Behavioral Health Hospital! You were always so energetic and full of life I can't believe you're gone. We were both born near each other. I was born in Beloit, Wisconsin. To your family: I send my condolences and lift my prayers up for you! Deb was such a hard working, caring nurse. She took an individual concern in each of her patients. I can't believe I was just getting report from her a month ago.
