

Devonna "Sue" Miller

May 12, 1943 - August 14, 2020

Sue loved a good cup of coffee and conversations. Alzheimer's took her voice in these last years and she left us on August 14th, 2020 to reunite and gab up a storm with all of her loved ones who went before her.

She was born a coal miner's daughter in Capels, West Virginia to Joseph and Leona Roberts and raised in Virginia. She married young and moved many times between Virginia and Washington, but Virginia was always considered home to her where her large family of brothers, sisters and cousins were. She went back home often and talked on the phone every day to her family. And oh, how they could talk! When going back home, she and her brothers and sisters could stay up all night talking and laughing as all the younger generation faded away and went to bed.

Ironically, she worked for many years as a caregiver at a nursing home and, in these last 3 years, her daughters and granddaughters cared for her at her home. We loved her so much and it was our honor to give back all the love and care she gave us.

Waiting to greet her with loving arms are her husband James Miller, her son, Floyd Miller, her Mother and Daddy, and sister Shirley Scott, her brothers Darryl, Harold and Bill Roberts, and 18 Aunts and Uncles.

She is survived by her daughters Gwynn (David) Swartos of Birch Bay, WA and Wendy (Rob) Nicoll of Langley, BC. Granddaughters, Leah Reid, Lauren Swartos, Lara (Nicholas) Levey and Sam (Michael) Stewart. Grandson, Preston Miller, and Great Grandson Tanner Reid. She leaves with many loving memories her little sister Sherri (Richard) Lyon and her sister-in-law Carole Roberts, both of Sugar Grove Virginia, many nieces and nephews, and too many cousins to list.

There will be a private family service as Mom hated goodbyes.

We wish to thank Hospice for the wonderful help they gave us in her last months.

“ I love you, Grandma. I am going to miss our coffee dates! I always said there's no problem too big that can't be solved at Grandmas house over a cup of coffee. And I miss you making me oatmeal every time for breakfast. I swear no one makes instant oats better than you! I will miss the warmth of your home, that gave such a calmness to everyone. And all of us getting together during the holidays. I love you SO much. I'll see you again one day. Xoxo – Sammie.
