

Hannah LeaAnne Dashiell

April 15, 1996 - January 5, 2014

Bellingham, Washington

Our beloved daughter and big sister, Hannah Dashiell, died 1/5/14. Her death certainly does not define her. She was a kind, thoughtful, smart, creative, funny, energetic, beautiful young woman of just 17 years. She was radiant, she was love, she was light and still is. Words cannot describe the magnitude of her liveliness. Hannah was a senior at Squalicum High School where she was the Vice President of her class. At Squalicum she was active in cheer, drama, leadership, art, soccer team management, AP and honors courses, and anything else that struck her fancy. Hannah was an avid music fan and liked to discover bands before they became widely popular. She played piano and drums. She was due to graduate with a weighted GPA well over 4.0 and enough AP credits to go into the Urban Honors Program at Portland State University as a Junior next year to study pre-med. She planned to be a doctor and was sure to accomplish that goal. Her sister Maddy found a perfect quote for Hannah She Turned Her Cants into Cans and her Dreams into Plans. When Hannah thought of something she wanted to do, it turned into constructive action and planning very quickly. She is most known for her kindness. She would offer a kind word, a smile and an effort to include people at every moment. She worked part time at Barkley Haggens where her infectious smile and upbeat attitude could be regularly appreciated by everyone. We hope that when people think of honoring Hannahs memory that

they will be kind and loving to everyone around them. The community's outpouring of love and recognition for Hannah is surely a product of her extreme thoughtfulness, kindness and leadership. We hope that this love lives on and that thoughts of her inspire acts of kindness and bringing dreams into plans. Hannah is survived by her father Dennis, her mother Jeannette, and her sister Maddy as well as many loving cousins, aunts, uncles, grandparents, her boyfriend, and other family and friends. While she is loved so very broadly, we particularly mourn our little girl and budding woman who was just ours in our little family. We will miss her so much. We will always love and cherish her and we know she is in the giggling expansiveness of heaven. We know Hannah is looking down on all of us and accepting the wonderful love we are all sending to her. She was and is truly an angel. The service is open to the community. She will be laid to rest at Bayview Cemetery. May her love endure in all of us. We love you Hannah.

Farewell Tribute Information

The memorial service will be held at Hannah's church, First Congregational Church, in Bellingham, Saturday January 11, 2014 at 1:00pm. Donations Information

A memorial fund has been established and is accepting donations now in her name at Peoples Bank and through HannahDashiell.com. Funds will be used to establish an ongoing scholarship fund for Bellingham area high school girls going into medicine. Her family hopes that this will be a robust legacy to keep Hannah's healing, loving spirit alive.

Tribute Wall

BC

“ *I never saw your spirits light. I never saw your smile so bright. I never knew your Mom or Dad. I never knew the friends you had. I cannot begin to understand the plan of God, as he takes your hand. The world has lost so young your soul. Your generous dee*

“ *Oh Hannah. We miss you so much at school. There is no question about it- there's an absence in the hallways, in the lunch room, and in the classroom. There's a member missing from our senate family. There's a piece of our heart that feels as though it is gone as well. Although we all are hurting so very much you are not physically here, we still feel you. We see your smile through the sun shining down on us through the glass panels of the school. We laugh for you, we play for you, we cry for you. We praise you for our accomplishments, we ask you for help in our defeats. We just miss you Hannah. We love you and we miss you. I hope you're smiling up there in heaven knowing that we think about you every day and love you more than you could ever know! Keep on smiling for us, we need it sometimes! I'll see you again some day, that's a promise!*

“ My deepest sympathy goes out to Hannah’s family and friends. What a wonderful girl! I hope you can find comfort in the promise at Isaiah 25:8 where it says ” He will swallow up death forever, and the Sovereign Lord Jehovah will wipe away the tears from all faces.” Not only does he say he is going to eliminate death, in Acts 24:15 it says that there will be a resurrection of those that we’ve lost. Knowing these truth’s have helped me and I hope they can help you also. I am truly sorry for your loss.
