“ Ken was a childhood playmate since we were little kids! I remember going to Bob & Shirley’s home at preschool age and running around with Kenny and his sisters. We went to each other’s birthday parties when we were young. Our Dad’s had been friends since they were young and played sports in high school and beyond. Ken’s Dad even worked together at the service station with mine for years and bought my Dad’s business after a few years. Kenny and I attended many school events and I really enjoyed being a cheerleader in high school when Ken was one of our basketball stars . He was such a Gentle Giant of a man and there is not a person I know who did not like Kenny Hoffer. Even though we rarely saw each other as adults except at reunions, he will always be in my heart and my memories of growing up together in our special little town. You were a Good Man Ken and will be missed by so many!

“ Bobby, So sorry to hear of your dad’s passing. He was the most pleasant guy to work with. A warm friendly personality, that was perfect as manager or our community club. Not fair that his retirement years were cut short.
