“ *Worked for LLoyd in the 80's for Puget Power. I was a grunt (line helper) and he was the foreman. I drove line truck and flagged traffic for him and the crew. Lots of memories working on Hwy 9 out near and around Acme for a year or more. He was there watching me climb my very first pole and attaching a guy wire to it, I still drive by that pole with fond memories. R.I.P. Lloyd. You have a good long life.*
