“ *To Pauline's family, I'm so sorry for the loss of such a beautiful woman. I worked with Pauline at the nursing home, and my greatest pleasure coming to work was to see her smile and her reach out to me always saying thank you, thank you. Such a special lady! She was the one of the reasons I loved my job!*

“ *Pauline was a strong, powerful, generous, and compassionate teacher and cultural bearer. She did so much great work, as she worked to pass on cultural wisdom and teachings. She has inspired so many in her lifetime. We will miss her! Thank you Pauline, and family.*
