

Peggy Homel

January 23, 1924 - November 27, 2014

Our beautiful Mom, Peggy Homel, passed away quietly Thursday, November 27. We are all heartbroken, especially Dad who is 97 years old – they were married 62 years. The best words to describe her are warm, sociable, talented, feisty, independent and stunningly attractive. She loved fashion, show business, her Italian and Scottish heritage, her home, friends and most of all her family. Mom carved out a stage career initially dancing with the Earl Carroll Show and later as a headline club singer. She eventually formed and managed her own line, entertaining throughout the country with her wonderful voice and original choreographed dance routines. Mom had many adventures with her beloved sister Behle – best friends from birth. Following her stage career she dedicated her life to family and was the best wife and mother one could imagine. Her smile, laughter, unwavering support and love were always felt by friends and family alike. What a full and remarkable life!
