“ Dad,I will miss you immensely! I will miss your sense of humor and how we used to laugh together. I'm sorry that things had to end like this and wish I could have one last kiss and hug. I'm sorry you had to go through that all alone. One thing thing for sure that will remain in my heart is the love we shared for Glacier National Park. I know how you talked about wanting to go there again don't worry dad I promise I will make that happen. I love you with all of my heart.
