“ *My sisters and I send our condolences to Dolores and the rest of your family. I am sorry that we have just learned about Roy's passing from my cousin Eric who learned from his brother Curt. We wish that we had kept in touch better-I think we last met at Birch Bay when the Swedish relatives were visiting. I have some genealogy questions to ask of you based on Roy's research and would appreciate hearing from someone in the family who has taken on the record keeping. I know you are all grieving and I am so sorry for your loss.*

Sincerely, Kristin Pearson-Franks, Karen Brown and Barbara Pearson daughters of Donald Pearson
