“ Dear Sweet Sister Terri- I have so many memories of our lives together. From when we were little, the middle years, and especially us growing older together. You have always been my cheerleader rooting me on through difficult times and our shared sorrows. You have always been in my heart, but when you were miles away it seemed so difficult. Now it is even harder knowing you are not in this physical world and I can't pick up the phone to call you or get excited for a visit- with a trip to Lee's, and lots of singing and coffee! I have to look to my heart and heaven to find comfort knowing that you are no longer suffering and you can physically be in my heart forever more. The world was lucky to have you. You were always sweet, tender and funnier than heck! I am smiling as I write this line rather than crying. Thank you for that gift of laughter. I love you and will miss you forever..... your baby sister Becky
