“ Although no words can really help to ease the loss you bear, just know that you are very close in every thought and prayer. Christy, Keather, Cory and Conner my heart goes out to all of you during this hard time, I know it will never be the same as having him there, but treasure all the special memories you had and always hold them close to your heart. I will always remember his laugh and big smile that would light up a room. Big hugs to everyone.
