“ We have had the pleasure of being neighbors with the whole Chapin family for over 46 years. George & Vernan were hard working, salt-of-the-earth people. After kids were gone & George passed away... Vernan continued to keep up the family home until her health no longer would allow her to work so hard; but she continued to do as much as she could & a day wouldn't go by that she wouldn't be seen walking to and fro. She seemed to always be OK with whatever her circumstances were and she'd just make the best of what was given her; this was a wonderful gift that God gave her. She has been missed this last little while as her health failed and she will be even missed more now. Much sympathy to all her loved ones.
