“ Al was a great man. He was a teenager when he moved in the house where his dad was living. His dad really loved him. My fiance, Jerry was stationed in Texas and our 1st date was looking at the Anacortes park at Christmas time. Al felt sorry for me because I was so lonesome. His dad ,Walter, my step-dad had bought Al an MG sports car. It was snowing bad. Al and I went all the way from Sedro-Woolley to Anacortes. I look back at that now and think to myself , only 18 yr. Old would have done this. It turned out great and made a lasting memory for me forever. Thanks Al. Your step sister loves u.
